

## ILLUMINATE QUEBEC

### Haiti project update

The Haiti project is nearing completion! During the summer months, a number of fundraisers were held: Two mega garage sales in Quebec, a raffle, as well as a dessert café in Manitoba. The generosity of Americans allowed BLF USA to contribute an additional \$6900 to the project.

As a result of this successful fundraising, as of September, the books are on a cargo ship and on their way

to Haiti, where our partners at *La Bible Parle* will distribute the books to 45 French speaking pastors! Each pastor will receive:

- 5 Solar powered Messengers (with evangelistic sermons recorded on them)
- 700 Mini Bibles
- a set of 8 counseling books by June Hunt
- A New Testament
- A Gospel of John
- Destination Finale* (French translation of “One Heartbeat

Away”, by Mark Cahill)

-a French concordance or dictionary

The ship will arrive in Haiti in January 2013. At that point, our team of five missionaries will travel to Haiti and help in the distribution. The team will also bring French Sunday School curriculums with them (as soon as they are finished printing). Glory to God for making this all possible! **IQ**

### Essential Tools for Central Africa: BLF International Project

New Project for 2013! BLF Canada has been forging a partnership with Distributions Évangélique du Québec (DEQ). This ministry, based in Quebec, produces top quality French concordances and Bible dictionaries.

BLF Canada Director, Toe-Blake Roy, showed

these resources to Gib Dickinson, a lifetime missionary in Africa. “French Pastors need these tools right now!” Dickinson exclaimed.

In April 2013, BLF Canada is sending Toe-Blake to Central Africa to teach 600 French speaking pastors. The courses will be about

topics such as church administration and leadership. We would like to equip these pastors with French concordances and Bible Dictionaries. Thanks to generous discounts from DEQ, it will cost only \$62.22 per pastor to equip and train them. Donations can be sent to the field office.

### Distribution Centre Update: Flooring needed

Long after the missionary leaves, the printed word continues to share the message of the Gospel.

BLF Canada was founded to meet the Christian French literature needs of

Canada.

To better meet our aims, BLF Canada is working towards establishing a book distribution center in Lachute, Quebec. A new website is being developed, and BLF

Canada is partnering with other organizations to distribute French literature. An IQ team already came in last spring to clean and paint.

The next phase is to raise funds for floor-

ing (\$1500), and have another IQ team install it. After that, it'll be shelving and other furnishings.

Donations can be sent to the field office. Prayers can be sent to God. [IQ](#)

### Featured Missionaries: Meet the Haiti team

The small town of Lachute, Quebec, is sending a team of five missionaries to Haiti in January.

The team will help *La Bible Parle* to distribute the books that were sent by cargo ship.

But it won't take 11 days to distribute books. The team will also help in the construction of a medical center, as well as helping prepare meals, and other humanitarian activities.

**Francois and Marie-Paul Bedard** will be leading the team. Francois has already been on a mission to Togo. Marie Paul is excited to help people live a better life: physically and spiritually.

**Sebastien and Sophie Legault** have owned a farm for over ten years, and have government training in agriculture. They hope to share some of their knowledge with Haitians to increase their yields.

This is **Micheline Cabot**'s first mission trip, and she is excited to serve God and do what she can to further His Kingdom.

The team is looking forward to the trip. [IQ](#)

### Mark your calendars!

Here's what's coming up for BLF Canada:

Haiti mission:  
January 2-13th, 2013.

IQ teams: Short Term missions spots available in April and June 2013. Contact the field office for details

Central Africa mission:  
5-17 April, 2013

For more information on these or other activities, contact us at:
